

# Prairie Grove

Prairie Grove, a collaboration between the ISU Horticulture Center and Children & Elders Forest, is a collection of native trees planted by a child and an elder that not only aims to deepen the bonds between the generations but also increase the indigenous local tree population thereby increasing the quality of life in Normal-Bloomington.

Latin Name - Common Name	Sponsors
A <i>Liquidambar styraciflua</i> - Sweet Gum	Benson/Rosenbluh GP - Benson P & C
B <i>Liquidambar styraciflua</i> - Sweet Gum	Moore GGP, Cronin/Moore GC, Cronin/Moore/An GGC
C <i>Quercus macrocarpa</i> - Swamp White Oak	Treadway GP - Treadway/Wilbur - P, C & GC
